### **Family Activity involving Soybeans:**

1. Read through the 10 Plants webpage and learn about soybeans.
2. Make a list at home of all the things you can think of that are made of soybeans
3. Go to the grocery store and find food made with soybeans
4. Come home and make a meal using the food you bought at the
5. Ask everyone if they like the food and why or why not.  
\*If you don't want to buy the food, just stay home and go through your house and find as many things as you can that are made from soybeans like; crayons or the ink on a newspaper.
